The 2nd generation handheld rechargeable Professional Ozone Spray Bottle (OSB Pro) applies revolutionary electrolysis technology that can convert your regular tap water into an anti-bacterial sanitizing water. This revolutionary technology can help **replace conventional chemical surface sanitizers**. Simply fill the bottle with clean tap water, press the button, and the device will instantly convert ordinary water into ozonated water.

Small Size, High Performance

Ozonated water is well-known for its fast and **powerful sanitation performance**. This ozone sprayer **offers an effective, safe, and environmentally friendly surface sanitation for many commercial hygiene applications**.
